How we help companies put DE&I into action

Inclusive recruiting practices powered by technology to diversify the workforce.

Cultivate diverse pipelines of tech talent for organizations to close their skills gap and grow the diversity of their workforce.

Recruit:IN

Accelerating equity in the workplace by upskilling diverse candidate pools on technology skills.

93%
retention rate with corporate clients

90%
of GenSparkers convert or are eligible to convert to FTE with our corporate clients

75%
of GenSparkers are from underrepresented groups

EEOC compliant technology-based program that eliminates implicit bias in the sourcing process

How it works

- Recruiters are trained and certified on inclusive recruiting practices
- Candidates of all backgrounds are sourced based on skillset
- Reporting capabilities include aggregated anonymized data per EEOC guidelines
